

Artwork Amendments.

For all amendments to artwork files, we charge a small fee dependent on the complexity of the work required. These changes can include:

- Recreation of artwork if the file isn't compliant with our artwork checks.
- Creation of custom cutters, white layers, foil layers, varnish layers on artwork when not supplied.
- Editing any text, colour or elements within an existing design.

Need an artwork template? We can generate a FREE cutter template as a guide for your artwork, including the cut line, artwork safe area and bleed. Just let us know the size or range number you are looking to order.

*Please be aware that all design services are charged at a different pricing structure to our amendment charges – please enquire for more details.

*Artwork charges can be made once the order has been placed due to artwork files not being supplied correctly. We will let you know on proof set up of any charges required for us amending your artwork. No changes to your artwork will be made without your consent.
